

From Bench Top to Bioproduction...

Custom Pilot Batches

cellgro[®] offers bench-top to bioproduction pipeline support.
Customization that you need, quality you expect, in quantities to support your work.

Pilot batches are ideal for development and testing prior to scale-up:

- Economical
- Rapid delivery
- Small scale batches
- Uses cGMP-qualified raw materials and Water for Injection (WFI) to formulate products
- Formulations from public domain (e.g. RPMI), customer-specific, or cellgro[®]-specific
- Easily transferred to large scale production

Standard Quality Control Tests		
	Liquid	Powder
Conductivity	●	●
Sterility	●	
Endotoxin	●	●
Appearance	●	●
pH	●	●
Osmolality	●	●
Moisture		●
Solubility		●

Custom means custom! If our standard tests, lot sizes, or container sizes don't match your configuration needs, don't hesitate to inquire for more options!
